

How your data will appear on Windows PC

Locked:

Your PC will only show a CD drive entitled 'Manual'. Inside this you will find a single PDF file of the same name. This is the digital version of the manual.

Unlocked:

Your PC will now show the previously locked storage device as 'USB Drive' or a custom Volume Label of your choice. Inside this will be all of your data. The digital manual will still be visible as a CD drive entitled 'Manual'.

How your data will appear on Apple Mac

Locked:

Your Mac will only show a CD drive entitled 'Manual'. Inside this you will find a single PDF file of the same name. This is the digital version of the manual.

Unlocked:

Your Mac will now show the previously locked storage device as 'NO NAME' or a custom Volume Label of your choice. Inside this will be all of your data. The digital manual will still be visible as a CD drive entitled 'Manual'.
